

Winter Field Day 2025 in Lee County  
By WB5YYQ

We just finished our training during Winter Field Day (WFD). We deployed at the Firemen's Park in Giddings, on HWY 290. We hosted Williamson County ARES. In this event the two EmComm Trailers of each County ARES were deployed as well as an Ops tent deployed by WC-ARES.

On the air we I proposed a hot wash from all participants. The Hoy Wash gave us the opportunity to write our AAR. For more information on WFD, please click on the links below. Thank you, WB5YYQ.
